

5.0 Horsepower Diesel Generator

This diesel generator features a 5.0 horsepower engine. It is designed for reliable power generation in various applications requiring portable and efficient energy.

Product Overview

Reliable Power Generation

This 5.0 horsepower diesel generator is engineered for durability and consistent performance in demanding environments. Its compact and robust design ensures easy portability while maintaining the efficiency required for various professional applications. Built with high-quality components, it provides a dependable energy supply whenever and wherever it is needed.

Technical Specifications

Engine Power

5 HP
Horsepower

Power Source

Diesel

Model Designation

20D

Key Features

Design Attributes

Compact, Robust, Portable, Durable
