

50-inch 3D Full HD Plasma Television

This 3D Full HD plasma television features self-luminous screens and 2D to 3D conversion. It includes a USB interface, HDMI interface, and V-Audio ProSurround.

Overview

Immersive 3D Experience

This 50-inch Plasma television delivers a stunning Full HD viewing experience with advanced self-luminous neo PDP technology. Designed for versatility, it supports 2D to 3D content conversion and features a 600Hz sub-field drive for fluid motion. The integration of VIERA Connect and V-Audio Pro Surround sound makes it an ideal center for professional-grade multimedia entertainment.
