

50-Ton Hydraulic Bottle Jack

This heavy-duty 50-ton hydraulic bottle jack is designed for lifting heavy loads in various applications. It features robust steel construction, an adjustable extension screw, and a wide base for enhanced stability.

Overview

Industrial Lifting Power

This 50-ton hydraulic bottle jack is engineered for demanding lifting requirements in construction, automotive, and industrial environments. Built with high-strength steel, the unit provides a robust platform for heavy load management. Its design features an adjustable extension screw for precise height control, ensuring versatility and safety for professional users.

Performance Specifications

Rated Capacity

50 Ton

Lifting Capacity

Construction & Features

Construction Material	Heavy-duty steel construction
Adjustment Mechanism	Heat-treated extension screw
Base Type	Wide base for enhanced stability

Compliance & Safety

Operational Precautions

- Never work under the lifted load
- Use appropriate support stands
- Read instructions carefully before operation

Compliance	Industry Safety Certified
