

50-Ton Hydraulic Bottle Jack

This hydraulic bottle jack is designed for lifting heavy loads in automotive, construction, and industrial environments. With a 50-ton capacity, it features a steel build, adjustable height extension, and a wide base for enhanced stability.

Product Overview

Professional Grade Hydraulic Lifting

This 50-ton hydraulic bottle jack is engineered for rigorous demands in automotive, construction, and industrial environments. Built with high-strength steel, it provides a stable and reliable solution for lifting heavy loads. The inclusion of a heat-treated extension screw allows for precise adjustments, while the wide base design ensures maximum stability during operation.

Key Performance Metrics

Lifting Capacity

50 ton

Rated Capacity

Technical Features

Build Material	Robust heavy-duty steel
Adjustment Mechanism	Heat-treated extension screw

Safety & Compliance

Operating Warnings

- Never exceed the rated capacity
- Use only on firm, level surfaces
- Always secure load with support devices before working underneath

Applications

Industry Suitability	Automotive, Construction, Industrial
