

500W Impact Drill for Wood, Metal, and Masonry

This 500W impact drill is designed for drilling into wood, metal, and masonry. The drill features an adjustable auxiliary handle for enhanced control and precision.

Overview

Versatile 500W Impact Drill

This 500W impact drill is a robust power tool engineered for high-performance drilling across wood, metal, and masonry. Equipped with a copper motor and a durable metal chuck, it provides reliable power for both professional tradespeople and demanding DIY projects. The variable speed control and impact function ensure precision and efficiency when working with tough materials like concrete.

Performance

Performance Highlights

500 W

Input Power

3000 RPM

Max Speed

13 mm

Concrete Capacity

Technical Specifications

Rated Voltage	230V / 50Hz
No-load Speed	0-3000/min

Drilling Capacities

Maximum Drilling Diameters

Material	Diameter
Wood	25mm
Concrete	13mm
Steel	10mm

Build & Components

Motor

Copper Motor

Chuck Material: Metal

Power Cable: 2m cable with VDE plug

Accessories

Standard Accessories

- 1pc Plastic depth ruler
- 1pc Side handle
- 1pc Key

Features

Key Features

Impact Function, Variable Speed Control, Depth Stop Rod, Adjustable Auxiliary Handle
