Overview

Versatile 500W Portable Power Solution

This 500W portable power station is a robust and reliable energy solution designed for outdoor activities, emergency backup, and professional field use. Featuring a high-capacity LiFePO4 battery, it delivers pure sine wave power to ensure safe operation for sensitive electronics. With a comprehensive array of AC, DC, and USB output ports, it provides versatile charging options for a wide range of devices.

Battery & Performance

Conversion Efficiency

85 %

DC-AC Efficiency

95 %

DC-DC Efficiency

Battery Capacity	691.2 Wh
Battery Cell Type	LiFePO4 (Vehicle Grade)
Max Charging Time	6 hours

Output Ports

DC Output Ports

Port Type	Specification
USB (Normal)	5V/2.4A (12W Max)
USB (QC3.0)	18W Max
Type-C (PD/QC3.0)	45W Max (In/Out)
DC Output	12V/10A
Cigarette Lighter	12V/10A

AC Output

500W Pure Sine Wave (1000W Surge)

Environmental & Physical

Operating Temperature

- Charging: 0 to 55
- Discharging: -30 to 65

Weight

7.5 kg

Certifications & Warranty

Certifications

CE, FCC, RoHs, UL, PSE, REACH, UN38.3, MSDS, METI

Warranty

2 Years
