

56-Inch Three-Blade Ceiling Fan with Five-Speed Regulator

This ceiling fan has a 56-inch diameter and three blades. It features a five-speed regulator and operates at 220V/50Hz with an 85W motor.

Product Overview

High-Performance Industrial Ceiling Fan

This 56-inch ceiling fan is designed for efficient air circulation in commercial or large residential spaces. Featuring a robust motor and a five-speed regulator, it provides customizable airflow control to suit various environmental needs. Its durable iron construction ensures long-term reliability and performance in demanding conditions.

Technical Specifications

Voltage Rating	220 V
Frequency	50 Hz
Wattage	85 W
Rotation Speed	290 R.P.M.
Temperature Rising	75 K

Design & Dimensions

Housing Dimensions

- Motor Housing Height: 95mm
- Motor Housing Diameter: 225mm

Blade Dimensions

- Blade Height: 130mm
- Blade Length: 580mm

Fan Size	56 inch
Motor Size	1163x14.4mm
Blade Angle	4°30'

Features

Speed Control

5-Speed Regulator

Construction Materials	Iron, PP
