Overview

Portable Power Solution

This 5700W portable gasoline generator is engineered for reliable power delivery in diverse environments, including home backup, recreational activities, and job sites. It features a robust 389cc 4-stroke engine with both recoil and electric start capabilities for ease of use. Equipped with a large 31L fuel tank and a comprehensive digital display, this unit ensures extended runtime and precise monitoring of voltage, frequency, and operating hours.

Engine Specifications

Feature	Detail
Displacement	389cc
Type	4-Stroke, Single Cylinder, OHV
Cooling	Air cooled
Starting System	Recoil + Electric
Fuel Tank Capacity	31 L

Operation

Noise Level (@7m)	72 dB(A)
Safety Features	GFCI Protection, Low Oil Shutdown, Overload Protection, Neutral Bonded to Frame
Battery Specifications	12V 15Ah/20HR Maintenance-free

Connectivity

Available Outlets

- AC 120V/240V 30A
- AC 120V 30A
- GFCI AC 120V 20A
