

# 60cm Aluminum Spirit Level with Three Vials

This 60cm spirit level is designed for accurate leveling tasks in construction and DIY. It features a durable aluminum frame, three vials for horizontal, vertical, and 45-degree measurements, and adjustable vials for precise calibration.

## Product Overview

### Professional 60cm Spirit Level

This 60cm aluminum spirit level is engineered for high-precision leveling in construction and professional DIY applications. Featuring a robust red aluminum frame, it is built to withstand rigorous site conditions while maintaining measurement accuracy. With three distinct vials for horizontal, vertical, and 45-degree angles, this tool offers versatility for a wide range of installation and alignment tasks.

## Technical Specifications

### Included Vials

- Horizontal
- Vertical
- 45-Degree

### Length

60 cm

### Calibration

Adjustable vials for precise calibration

## Construction & Durability

### Frame Material

Aluminum

### Durability Features

Shock-absorbing end caps, Ergonomic hand grips, Durable frame

### Model Identifier

LB.9832
