

65 HP Four-Wheel Tractor

This four-wheel tractor delivers 65 HP for agricultural and landscaping tasks. It is equipped with a manual transmission offering multiple forward and reverse gears.

Overview

Robust 65 HP Four-Wheel Tractor

This 65 HP four-wheel tractor is a versatile machine designed for agricultural and landscaping applications. It features a powerful 4-cylinder engine and a reliable 2WD drivetrain, providing the necessary torque for demanding tasks like plowing, tilling, and hauling. With its durable construction and hydraulic power steering, it offers excellent maneuverability and performance for small to medium-sized farming operations.

Engine Specifications

Rated Power

65 HP

Rated Power

47.8 kW

Rated Power

Engine Model	YTR4105-T63
Engine Type	4-Cylinder 4-stroke cycle water cooled
Rated Speed	2200 rpm

Drive System

Drive Type	2WD
Gearbox Configuration	4*(2+1) Sleeve gear shift
Clutch Type	Single-function dry constant meshing
Differential Lock	Sliding pin, foot operated

Dimensions & Performance

Ground Clearance

- Front Axle: 370 mm
- Rear Axle: 430 mm

Overall Dimensions (L*W*H)	4010*1929*2568 mm
Construction Mass	2850 kg
Min. Turning Radius	3.9 m

Working Device

Lifting Capacity (610mm behind lift point)	10800 N
PTO Rotating Speed	540/1000 rpm
3-Point Suspension Category	Category II

Options

Available Options

Roll Bar • Canopy • Cab • Air Brake
