Product Overview

Professional Li-ion Charging Solution

The S120 series charger is a robust power solution engineered for 16S Li-ion battery configurations, widely used in e-bikes, scooters, and industrial cleaning equipment. Housed in a durable aluminium alloy casing, it provides reliable 67.2V output power with comprehensive safety protections. This versatile unit supports global voltage inputs and is certified to meet international standards for safe operation.

Technical Specifications

Performance Highlights

67.2 V

Output Voltage

1.5 A

Output Current

100.8 W

Output Power

Input Voltage Range

- 110-132VAC
- 200-264VAC

Physical Properties

Size and Weight

Metric	Value
Dimensions	137*90*51 mm
Net Weight	0.8 kg

Compliance and Usage

Compatible Applications

E-bike • Electric Scooter • Electric Motorcycle • Golf Cart • Cleaning Equipment

Safety Standards

CE

Warranty Period

12 Months
