Overview

6D22 Engine Piston and Cylinder Liner Kit

This high-performance engine kit is designed specifically for 6D22 engines, providing a comprehensive solution for engine rebuilds and maintenance. The kit includes precision-engineered components manufactured to meet or exceed original equipment specifications, ensuring optimal engine performance, efficient combustion, and extended service life. With superior heat dissipation properties and robust construction, these parts are built to withstand demanding operating conditions.

Cylinder Liner Specifications

Liner Dimensions

Measurement	Value	Unit
Bore	130	mm
Outer Diameter	147	mm
Total Length	149	mm
Flange Diameter	262	mm
Flange Height	11.5	mm

Piston Specifications

Key Piston Metrics

130 mm

Piston Diameter

158 mm

Length

83 mm

Compression Height

Pin Size

50mm x 106mm

Compatibility & Identification

OEM Reference Numbers

ME052447, ME052448, ME052449

Piston Ring Specifications

Ring Dimensions

- 3.306 mm
- 3 mm
- 6 mm
