

7 in. x 1/16 in. Metal Cutting Cut-Off Wheel

This 7" x 1/16" x 7/8" cut-off wheel is suitable for cutting stainless steel and other metals. It is constructed with durable abrasive grains for long life and consistent performance.

Product Overview

High-Performance T27 Angle Grinding Wheel

This T27 DC angle grinding wheel is engineered for superior cost performance and safety during metalworking operations. It is designed to handle a variety of materials, including metal, non-ferrous metals, non-ferrous alloys, concrete, and natural stone. With its sharp abrasive grains, it is highly effective for grinding grey cast iron, cleaning switchboards, and chamfering edges.

Technical Specifications

Abrasive Grade	1 A / WA
Suitable Applications	Metal, Non-ferrous metals, Non-ferrous alloys, Concrete, Natural stone, Grey cast iron, Switchboard cleaning, Edge chamfering

Available Sizes
