

7.0 KG Twin Tub Washing Machine

This is a compact and efficient 7.0 KG washing machine. It features independent wash and spin tubs for effective cleaning and quick drying.

Product Overview

Efficient Twin-Tub Design

This 7.0KG twin-tub washing machine offers a practical solution for efficient laundry management. Designed for versatility, it features separate washing and spinning compartments with dedicated power inputs to handle various load sizes. Its compact footprint and lightweight construction make it an ideal choice for smaller living spaces, apartments, or temporary housing.
