

710W Variable Speed Electric Drill

This electric drill operates on 220V/50Hz power, consuming 710W. It features a variable speed range from 0 to 2800 RPM and a 13mm chuck.

Overview

Professional Drilling Performance

This variable speed electric drill is engineered for versatility and precision in various drilling applications. Featuring a robust motor and adjustable speed control, it provides the necessary power for both wood and steel tasks. With its compact design and reliable performance, this tool is an essential addition to any professional workshop or industrial toolkit.

Technical Specifications

Rated Power	450 W
Voltage	110V, 220V-240V
Frequency	50/60Hz

Performance

No-load Speed

3300 r/min

Max Speed

Drilling Capacity

Material	Max Diameter
Wood	15mm
Steel	10mm

Chuck Capacity	10 mm
