

7.4V 2400mAh Li-ion Battery for Panasonic CGA-DU21

This is a high-capacity battery pack designed for Panasonic CGA-DU21 devices. It operates at 7.4V with a 2400mAh capacity and utilizes Li-ion technology for reliable power and extended lifespan.

Overview

High-Performance Power Solution

This high-capacity lithium-ion battery pack is engineered to provide reliable and consistent power for compatible electronic devices. Operating at a stable 7.4V with a 2400mAh capacity, it ensures extended runtimes for professional equipment. Designed with safety and durability in mind, this battery is a dependable choice for demanding operational environments.

Technical Specifications

Voltage	7.4 V
Capacity	2400 mAh
Chemistry	Li-ion

Compliance and Safety

Safety Warnings

- Do not connect improperly
- Do not dispose of in fire

Certifications	CE
