

800W Angle Grinder

This angle grinder is a versatile power tool used for grinding, cutting, and polishing. Operating at 220-240V and 50-60Hz, it has an input power of 800W and a no-load speed of 11000 r/min, accommodating a 100mm disc.

Overview

Versatile Professional Performance

This professional-grade angle grinder is engineered for demanding tasks including cutting, grinding, and polishing a variety of materials. Featuring a robust 800W motor, it delivers consistent power and a high no-load speed of 11,000 rpm for efficient operation. Its ergonomic design, combined with an included side handle, ensures enhanced stability, maneuverability, and operator comfort during extended use.
