Product Overview

Industrial Power Solutions

This professional-grade generator set offers a versatile power range from 8kW to 3000kW, suitable for industrial, commercial, and residential applications. The units are engineered for high efficiency and reliability, featuring robust construction designed to withstand demanding environments. Equipped with advanced control systems and safety monitoring, these generators provide a stable and consistent power supply for both continuous and standby requirements.

Technical Specifications

Mobile generator unit mounted on a heavy-duty trailer for easy deployment to construction sites and events.

Power Range

8 kW

Minimum Power

3000 kW

Maximum Power

Available Configurations

- Diesel Generators
- Gas Generators
- Marine Generators
- Trailer-mounted Mobile Generators
- Lighting Towers

Supported Fuel Types

Diesel, Gas

Safety and Control

Professional control panel with digital display for monitoring electrical and engine parameters.

Integrated Safety Systems

- Emergency Stop Button
- Four-protection Control System
- Multiple Warning/Protection Functions
- Overspeed Protection
- Low Oil Pressure Monitoring
- High Coolant Temperature Protection

Enclosure featuring sound-dampening materials and weather-resistant ventilation shutters.

Construction Details

- Soundproof enclosure for low-noise operation
- Weather-resistant shutter design
- Heavy-duty steel base frame
- Anti-vibration mounts
- Integrated fuel filling points
