

8mm Tape and Reel Feeder with 13-Inch Reel Holder

This is an 8mm tape and reel feeder with a 13-inch reel holder. It ensures reliable and accurate feeding of components from tape reels.

Product Overview

High-Precision Tape and Reel Feeder

This 8mm Tape and Reel Feeder (TTF) is engineered for high-accuracy component delivery in SMT assembly lines. Featuring an integrated 13-inch reel holder, this R1.2 version ensures consistent and reliable feeding performance. It is built from durable materials to withstand the rigorous demands of continuous industrial operation and high-throughput production environments.

Technical Specifications

Feeder Type	TTF (Twin Tape Feeder)
Tape Width	8 mm
Reel Holder Size	13 inch
Version	R1.2

Compatibility

Compatible Machine Series	ACM, AQ-1, AX-3, AX-5, D-9, FCMII, GEM-Xi
---------------------------	---

Product Variants

Supported Feeder Sizes

Feeder Type	Supported Widths
TTF	8mm
ITF2	8mm, 12mm, 16mm, 24mm, 32mm, 44mm, 56mm
