

9-inch Stainless Steel Cutting Wheel

This cutting wheel is designed for stainless steel applications. It measures 230x2.0x22.23mm and is compliant with EN 12413 standards.

Overview

High-Performance Cutting Solution

This 9-inch cutting wheel is engineered specifically for stainless steel applications, providing clean and efficient cuts. Built to rigorous safety standards, it supports a maximum operating speed of 80m/s and 6600 RPM. Its durable composition ensures reliability for demanding industrial cutting tasks.

Technical Specifications

Dimensions	230 x 2.0 x 22.23 mm (9" x 5/64" x 7/8")
Maximum Speed (m/s)	80 m/s
Maximum RPM	6600 RPM
Specification Code	41-WA30P4BF2

Compliance & Safety

Material Suitability

Stainless Steel
