9000 BTU Wall Split Air Conditioner

This wall split air conditioner has a 9000 BTU cooling capacity. It is compatible with mono and multi systems and features refrigerant leakage protection.

Product Overview

High-Efficiency Wall Split System

This DC inverter wall split air conditioner provides reliable cooling and heating performance for residential and small commercial spaces. Designed for energy efficiency and long-term durability, the unit features an intelligent concealed LED display and smart temperature management functions. With built-in leakage protection and low-ambient operating capabilities, it is built to perform in varied climate conditions.

Performance

Cooling Capacity

9000 BTU
Capacity

Power Input	220V/50Hz
Minimum Cooling Temperature	-15 °C

Features

Compatibility

Mono-split • Multi-split

Key Features

- Inverter Compressor technology
- Concealed LED display
- Refrigerant leakage detection
- Louver position memory
- 8°C freeze prevention heating

Certifications	TUV, CB, Eurovent ERP3.4

Rooms 05–15, 13A/F South Tower, World Finance Centre, Harbour City, 17 Canton Rd, Tsim Sha Tsui, Kowloon, Hong Kong
