

900W Electric Impact Wrench

This 900W impact wrench is a versatile tool for various fastening tasks. Its robust motor delivers high torque, making it ideal for automotive repairs, construction projects, and general maintenance.

Product Overview

High-Performance Electric Impact Wrench

This 900W electric impact wrench is engineered for demanding fastening applications, offering robust power and versatility. Equipped with an aluminum head and an ergonomic soft-grip handle, it ensures both durability and user comfort during extended use. With dual torque settings and efficient power transfer, it is an ideal solution for automotive repairs, construction projects, and general maintenance tasks.

Technical Specifications

Input Power	900 W
Voltage/Frequency	230-240V~50Hz
No Load Speed	2300 rpm

Performance

Torque Settings

150 Nm

Level 1 Torque

350 Nm

Level 2 Torque

Design & Construction

Shaft Size	1/2 inch
Cable Length	2 m
Key Features	Soft grip handle, Aluminum head, Right/Left rotation, Changeable carbon brushes, VDE plug

Included Accessories

Included Sockets

- 17mm
- 19mm
- 21mm
- 22mm
