Overview

High-Efficiency LED Tube Light

This LED tube light is designed as an energy-efficient replacement for traditional fluorescent tubes, featuring durable aluminum-plastic construction for superior heat dissipation. It offers reliable, bright, and uniform illumination suitable for demanding commercial and industrial environments. Engineered for longevity and ease of maintenance, this tube light supports multiple voltage ranges and is a sustainable choice for long-term lighting projects.

Technical Specifications

Power Consumption

9 W

Rated Power

Voltage Options

- AC85-265V
- AC185-265V

Tube Sizes 0.6m, 0.9m, 1.2m

LED Chip SMD 2835

Power Efficiency 90 %

Construction & Materials

Materials PC, Aluminum

Tube Standard T8

Compliance & Maintenance

Certifications

CE • ISO 9001:2000

Lifespan

2 years

Applications

Recommended Applications

- Office
- Factory
- Supermarket
- School
