Product Overview

High-Performance Alkaline Power

This mercury-free alkaline battery represents the latest in high-capacity chemical power technology. Designed for reliability and high performance, it offers significantly higher capacity than standard batteries while ensuring an environmentally friendly, zero-mercury formulation. Its versatile design makes it an ideal power source for a broad range of professional and household electronic devices.

Technical Specifications

Battery Type	Alkaline
Nominal Voltage	1.5 V
Battery Size	AA, LR6, AM-3

Key Features

Safety Compliance

Mercury-Free • Leak-Resistant • Environmentally Friendly

Typical Applications

- Digital cameras
- Remote controls
- Portable audio players
- Electronic toys
- Flashlights
