

AA Alkaline Battery LR6

This AA alkaline battery provides long-lasting power. It is ideal for high-current discharge devices such as shavers, electric brushes, and toys.

Overview

Standard 4-pack retail presentation showing high-power alkaline cells.

High-Performance LR6 Alkaline Batteries

These AA alkaline batteries are engineered for high-current discharge conditions, providing reliable and long-lasting power for professional and everyday applications. Designed with environmental responsibility in mind, they contain 0% Mercury, Cadmium, and Lead. With a 5-year shelf life and robust aluminum jacketing, they offer a dependable power solution for high-drain electronics and critical devices.

Technical Specifications

Nominal Voltage

1.5 V
Voltage

Designation	LR6 (IEC60086-2.2007)
Size	AA
Jacket Type	Aluminum Jacket
Shelf Life	5 Years at 20 °C

Applications

Recommended Applications

- Daily Use: Shavers, Electric Brushes, Door Locks, Mice
- Illumination: Torches, Camping Lights
- Entertainment: Electric Toys, Flashes, Wireless Headphones
- Tools: Multimeters, Fire-Alarm Systems

Compliance & Safety

Environmental Standards

0% Mercury (Hg) • 0% Cadmium (Cd) • 0% Lead (Pb)

Certifications

ISO 9001:2015, ISO 14001:2015, CE, RoHS, MSDS, BSCI

Logistics & Packaging

AA Packaging Specifications

Type	Per Packing	Ctn Meas (cm)	G.W/N.W (kg)
LR6/4S (Shrink)	4 pcs	31x20x23	24/22.5
LR6/2B (Blister)	2 pcs	42x27.5x13.5	10.5/9
LR6/4B (Blister)	4 pcs	44.5x29x21.5	19/17.5

Commercial Terms

Minimum Order Quantity

200 Cartons

Lead Time

30-45 days after deposit confirmation
