

AAA Battery LED Penlight - 4 Pack

This set includes four penlights, each powered by two AAA batteries. They feature a durable aluminum build and a bright LED, enhanced by a convenient pocket clip.

Product Overview

Compact Multi-Functional Lighting

This 4-pack of LED penlights offers reliable, high-intensity illumination in a durable aluminum housing. Designed for versatility, these lights are well-suited for medical professionals, students, and general household utility. Each unit features a solid-state bulb that eliminates the need for replacements, ensuring long-term performance.
