

AAA Carbon Battery - 1.5V

This is a 1.5V carbon battery. It is an AAA size.

Overview

Reliable 1.5V Carbon Battery

This AAA carbon battery provides a stable 1.5V power output, making it a dependable choice for general-purpose electronic devices. Designed with standard dimensions for broad compatibility, it offers a practical solution for low-drain applications. With a shelf life of 13 months, these batteries are suitable for inventory management and consistent device performance.

Technical Specifications

Nominal Voltage	1.5 V
Size	AAA
Diameter	9.5 - 10.5mm
Height	43.3 - 44.5mm
Nominal Weight	7 g
Shelf Life	13 months

Packaging & Logistics

Packaging Configuration

Level	Quantity
Shrink Pack	4 pcs
Box	5 dozs
Carton	180 dozs
20' Container	1800 cartons

Services

OEM Services	Yes
