

AAA Ni-MH Rechargeable Battery Pack, 9.6V 700mAh

This rechargeable Nickel-Metal Hydride (Ni-MH) battery pack is designed for electronic devices. It features 8 AAA cells configured to provide a nominal voltage of 9.6V and a capacity of 700mAh.

Overview

High-Performance Rechargeable Power

This 9.6V Ni-MH rechargeable battery pack is engineered for reliable power in compact electronic applications. Comprised of 8 high-quality AAA cells, it offers a consistent capacity of 700mAh, making it an ideal choice for devices requiring lightweight and durable energy solutions. Its design prioritizes safety and longevity for professional-grade equipment.

Technical Specifications

Nominal Voltage	9.6 V
Rated Capacity	700 mAh
Battery Chemistry	Nickel-Metal Hydride (Ni-MH)
Cell Configuration	8 x AAA cells

Safety & Compliance

Safety Warnings

- Do not dispose of in fire
- Rechargeable design
