

Abrasive Cutting Disc for Angle Grinders

Abrasive cutting disc designed for use with angle grinders. It features a blend of abrasive grains and bonding agents for efficient cutting of metal and other materials.

Product Overview

High-Performance Abrasive Cutting Disc

This abrasive cutting disc is engineered specifically for use with angle grinders, providing efficient and precise cutting capabilities. Utilizing a specialized blend of abrasive grains and robust bonding agents, it is designed to handle metal and various other materials with ease. Built for high-speed operation, this disc ensures durability and consistent performance in demanding industrial environments.

Technical Specifications

Maximum Operating Speed

80 m/s

Max Speed

Specification Code

A60Q • A60

Disc Type

41

Compatibility

Angle Grinder, Metal Cutting
