

Abstract Color Block Design

Abstract design featuring bold color blocks. The composition consists of a central gray block flanked by vibrant red sections on either side.

Design Overview

Abstract Color Block Design

This abstract design features a clean, minimalist aesthetic centered around bold color blocking. The composition utilizes a central gray block flanked by vibrant red sections, creating a striking visual contrast. The subtle curvature at the junction of the gray and red blocks adds a refined design element, making it suitable for modern, professional applications.
