Product Overview

SC08 AC Compressor Clutch Assembly

This SC08 AC compressor clutch assembly is engineered for seamless integration with Fiat and Lancia climate control systems. It includes the essential components—pulley, coil, and front plate—to ensure precise compressor engagement and reliable cabin cooling. Designed as a direct-fit replacement, it meets strict quality standards for durability and performance in automotive AC applications.

Compatibility

Compatible Vehicles

Fiat Palio (178DX), Fiat Punto (188), Lancia PV5
