

Adjustable Brass Garden Hose Nozzle with TPR Coating

This adjustable brass nozzle is designed for versatile watering and cleaning applications. Featuring solid brass construction for durability, it offers adjustable spray patterns from a fine mist to a powerful jet stream.

Product Overview

Versatile Brass Nozzle

This adjustable brass garden hose nozzle is engineered for a wide range of watering and cleaning tasks. Constructed from solid brass, it offers exceptional durability and resistance to corrosion, ensuring a long service life. The addition of a TPR (Thermoplastic Rubber) coating provides a comfortable, ergonomic grip and enhanced protection against accidental impacts.

Technical Specifications

Spray Patterns

- Fine Mist
- Powerful Jet Stream

Material	Solid Brass, TPR Coating
Compatibility	Standard garden hoses

Key Features

Durability Features

Corrosion Resistant • Impact Protection • Ergonomic Grip
