

Adjustable Height Electric Stand Fan

This electric stand fan features an adjustable height pole for customized airflow. It includes a digital display and control panel for easy setting adjustments.

Product Overview

Efficient Cooling Solution

This 16-inch (40cm) electric stand fan is engineered for energy efficiency, utilizing a DC motor that consumes 50% less power than standard models. It offers precise climate control with an adjustable speed range from 0 to 24 levels and multiple timer settings. Designed for versatility, the unit features oscillation, auto head tilt, and adjustable height, making it an ideal choice for professional or commercial indoor environments.
