

Adjustable Height Pedestal Fan

This electrical fan features adjustable height and a circular base for stability. It is designed to provide ventilation and air circulation in various settings.

Product Overview

Professional Air Circulation Solution

This adjustable height pedestal fan is designed to provide efficient air circulation in both residential and commercial environments. Featuring a robust circular base and a telescopic pole, it allows for flexible height adjustments to suit specific workspace needs. The fan head is equipped with a three-blade system protected by a durable grille, ensuring safety and consistent airflow performance.

Technical Specifications

Number of Blades	3
Control Interface	Central pole-mounted control panel
Design Features	Adjustable Height, Protective Grille, Circular Base

Application

Suitable Environments

- Residential spaces
- Commercial offices
- Ventilation areas
