

Adjustable Height Pedestal Fan with Remote Control

This pedestal fan provides adjustable height and oscillation for widespread cooling. It features three wind settings, a 7.5-hour timer, and can be controlled via remote.

Product Overview

Versatile Indoor Air Circulation

This adjustable height pedestal fan is designed to provide efficient and customizable air circulation in indoor environments. With a sleek white and silver modern aesthetic, it features a multi-blade design encased in a protective safety grill for reliable performance. The unit offers user-friendly controls located on the central column, complemented by remote control operation to easily adjust settings from across the room.
