

# Adjustable Steel DVD and Set-Top Box Wall Mount

This mount is constructed from high gauge cold rolled steel with a plastic cover. It has an adjustable range of 0-55mm and includes a universal hardware pack.

## ADDITIONAL IMAGES

## Overview

### Versatile AV Component Mounting

This adjustable wall mount is designed to securely support DVD players, set-top boxes, and other AV components. Engineered with high-gauge cold-rolled steel and a protective plastic cover, it offers a robust and durable solution for home theater or commercial installations. The adjustable design accommodates various device depths, while the universal hardware pack ensures a straightforward installation process.
