Product Overview

Professional Eye-Protecting Lighting

This advanced LED desk lamp combines a modern, adjustable design with high-performance eye-protection technology. Featuring AA-grade illumination and zero blue light hazards, it is engineered to reduce eye strain during long hours of work or study. With integrated Wi-Fi connectivity, users can easily control brightness and settings through an app, ensuring optimal lighting for any professional environment.

Technical Specifications

Ingress Protection

IP50

Rated Power	20 W
Input Voltage	100-240V AC
LED Quantity	88
Operating Temperature	-10 to +40 °C

Design and Functionality

Articulation Angles

Joint	Rotation Angle
Upper Axis	120
Middle Axis	90
Lower Axis	90

Control Methods	Touch Control, Wi-Fi App Control, Automatic Dimming
Physical Dimensions	261mm x 100mm x 500mm

Performance Metrics

Key Performance Metrics

0 None

Blue Light Hazard

1 Status

Flicker Free
