

Angle Grinder

This angle grinder is designed for heavy-duty cutting and grinding applications. It features a powerful motor, durable construction, and ergonomic design for comfortable operation.

Overview

High-Performance Angle Grinder

This high-performance angle grinder is engineered for heavy-duty cutting and grinding applications in demanding environments. Built with a powerful motor and durable construction, it provides the reliability needed for professional metalworking and construction tasks. The design prioritizes user comfort with an ergonomic grip and enhances safety through integrated features like a spindle lock and protective guard.

Key Features

Safety & Convenience

Spindle Lock • Protective Guard • Ergonomic Design

Ideal Applications

Metalworking, Construction, Heavy-duty Grinding, Cutting

Construction

Build Quality

Durable industrial-grade construction for demanding tasks.
