

Angle Grinder Power Tool

This angle grinder is designed for cutting, grinding, and polishing various materials. It features a powerful motor for efficient material removal and a durable construction for long-lasting performance.

Product Overview

Professional Angle Grinder

This robust 710W angle grinder is engineered for efficient cutting, grinding, and polishing across a variety of materials. Designed with ergonomics in mind, it features a comfortable grip and an adjustable side handle to enhance user control and minimize fatigue during extended use. The unit includes essential safety features such as a spindle lock for quick disc changes and a protective guard to shield against debris, making it a reliable choice for professional applications.

Technical Specifications

Power Output

710 W

Power

No-Load Speed	11000 RPM
Compatible Disc Diameters	100mm, 115mm
Spindle Thread	M14
Model Number	8100YC

Features

Key Features

- Spindle lock for easy disc changes
- Protective safety guard
- Ergonomic handle design
- High-performance motor
