Product Overview

Industrial Automatic Paper Straw Production

The YZXG-926 is a high-performance automatic machine engineered for the large-scale production of pointed, sharp-ended paper straws. Built with durable stainless steel, it ensures high hygiene standards and consistent manufacturing precision for industrial environments. The system features an integrated control panel, allowing operators to easily monitor production parameters and adjust settings for various straw diameters and lengths.

Performance Metrics

Production Capacity

1000 pcs/min
Max Production Rate

Technical Parameters

Straw Dimensions

Feature	Range
Diameter	4-14 mm
Length	90-260 mm (Adjustable)

Power Requirements

- Motor Power: 2 kW
- Voltage: 220V
- Phase: 1 Phase

Logistics and Handling

Machine Physical Specs

- Net Weight: 900 kg
- Dimensions (L*W*H): 2.5m * 1.9m * 1.8m

Shipping Information

- Weight in Box: 1000 kg
- Crate Dimensions (L*W*H): 2.6m * 2m * 2m
