

Automotive Emergency Escape Hammer with Seatbelt Cutter

This emergency escape tool has a dual-head hammer for breaking windows and a seatbelt cutter. It is made from durable materials and includes a mounting bracket for secure storage.

Product Overview

Essential Safety Tool

This automotive emergency escape hammer is a critical safety device designed for rapid response in vehicle entrapment scenarios. It features a hardened carbon steel tip for breaking glass windows and an integrated, shielded blade specifically for cutting through seatbelts. Its high-visibility design ensures it can be located quickly during an emergency.

Technical Specifications

Material Composition	Carbon Steel Tip, Safety Blade
