Product Overview

High-Efficiency Automotive Heater Core

This automotive heater core is engineered for optimal cabin heating performance, utilizing durable aluminum construction for superior heat transfer and corrosion resistance. Designed as a direct replacement component, it facilitates efficient coolant circulation to warm the vehicle interior effectively. Built to withstand high temperatures and pressures, this unit ensures reliable operation and longevity in demanding automotive cooling systems.

Technical Specifications

Core Dimensions

210 mm

Length

180.5 mm

Width

26 mm

Depth

OEM Reference 7L0819031

DPI Number 73975

Nissens Reference 6293019

Compatibility

Vehicle Fitment

Vehicle Model	Production Years
Audi Q7 (4L)	2006-2015
Porsche Cayenne (955)	2002-2010
VW Touareg	2002-2010
VW Touareg (7P5)	2010-
