Product Overview

High-Performance Transmission Assembly

This automotive transmission gearbox assembly is engineered for reliable power transfer and smooth shifting performance. Designed with a robust housing and precise mechanical linkages, it meets strict quality standards for automotive spare parts. It is a suitable choice for professional maintenance and repair operations requiring original-grade components.

Technical Specifications

Component Type	Transmission Gearbox Assembly
Inspection Standard	QJQAQ043-2012
Model Code	SH12MSPS
