

Bi-Metal Hole Saw Set (9 Piece)

This bi-metal hole saw set is designed for cutting clean, accurate holes in materials like wood, metal, plastic, and drywall. The set includes an arbor for easy drill attachment and comes in a durable plastic case for storage.

Product Overview

Professional 9-Piece Bi-Metal Hole Saw Set

This 9-piece bi-metal hole saw set is engineered for precision and versatility, making it an essential tool for cutting clean, accurate holes in wood, metal, plastic, and drywall. Featuring a durable bi-metal construction, these saws offer superior heat resistance and long-lasting performance for demanding applications. The variable tooth design ensures efficient cutting while minimizing vibration, and the set includes an arbor for quick drill attachment, all organized in a sturdy plastic case.

Technical Details

Piece Count	9 pieces
Material Type	Bi-Metal
Compatible Materials	Wood, Metal, Plastic, Drywall

Features

Key Features
