Product Overview

High-Quality Black Annealed Steel

This black annealed steel strip serves as a versatile and reliable raw material for various industrial manufacturing processes. Engineered for durability, it offers consistent thickness and a high-quality surface finish suitable for demanding applications. Its robust construction makes it an ideal choice for sectors requiring dependable steel components.

Technical Specifications

Available Grades

- SGCC
- CGCC
- SGCD
- SPCC
- DX51D
- DX52D
- DX53D

Thickness Range

0.13 mm

Width Range

50-600 mm

Supported Standards

AISI, ASTM, BS, DIN, GB, JIS

Applications

Common Industrial Uses

Light Keel Roll Forming • Roller Shutter Doors • Purlin Roll Forming
