

# Bladeless Electric Fan

This bladeless electric fan features a sleek, all-white design with a circular head and cylindrical stand. It provides a consistent airflow without the chopping effect of traditional bladed fans, making it suitable for home or office use.

## Product Overview

### Modern Bladeless Airflow

This modern electric fan offers a sleek, minimalist design that integrates seamlessly into home or office environments. Engineered for safety and ease of maintenance, the bladeless construction provides consistent, smooth airflow without the choppy effect of traditional fans. With convenient features like a 2-hour timer, oscillation, and a carry handle, it combines portability with reliable performance.

## Technical Specifications

Power Consumption	40 W
Size	300 MM
