

Blue Street Motorcycle with Luggage Rack

This is a blue street motorcycle designed for urban roads. It features a single headlight, a black seat, a compact engine, standard suspension, and a luggage rack behind the seat.

Overview

Classic Design Meets Modern Utility

This blue street motorcycle combines a classic aesthetic with reliable modern components, making it an ideal choice for urban commuting and light transport. Featuring a compact engine and a standard suspension system, it offers a balanced ride for daily use. The inclusion of a rear luggage rack adds significant practical value for carrying goods, while the front and rear fenders ensure protection against road debris.
