Product Overview

Smart ITO Glass Body Composition Scale

This advanced Bluetooth body fat scale features a durable 6mm tempered glass platform with stainless steel-free ITO technology for enhanced safety and precision. Utilizing four high-accuracy strain gauge sensors and BIA biometric technology, it provides comprehensive health analysis including weight, body fat, muscle mass, and visceral fat. The scale integrates seamlessly with mobile apps, offering multi-user support and rechargeable convenience via a Type-C port.

Technical Specifications

Capacity

180 kg

Max Load

396 lb

Max Load

Dimensions

300 x 300 x 13 mm

Graduation

100 g

Power Source

Rechargeable Lithium Battery (Type-C)

Features

Analysis Metrics

- Weight
- BMI
- Body Fat %
- Water Content %
- Muscle Mass
- KCAL
- Bone Mass
- Visceral Fat
- Protein Rate

Smart Features

Bluetooth connectivity, App integration, Multi-user support, Auto-on/off, Overload indication, Low battery indication

Hardware

Platform Material

6mm Tempered ITO Glass

Display

LED with White Digitals (28mm height)
