

Brass Angle Valve for Plumbing

This angle valve is designed for precise flow control. It is approved by ISO9001 and CE.

Overview

Professional Brass Angle Valve

This high-quality brass angle valve is engineered for precise flow control in plumbing applications. Constructed with a durable brass body featuring a polished chrome-plated finish, it ensures excellent corrosion resistance and long-term reliability. Equipped with an ergonomic handle, it provides smooth operation and secure shut-off, making it an ideal choice for connecting fixtures and supply lines.
