

Brass Angle Valve with 1/2" Connection

This angle valve is designed to control water flow in various systems. It features durable brass construction and is designed for easy installation and maintenance.

Overview

Professional Grade Brass Angle Valve

This high-quality brass angle valve is engineered for reliable water flow control in plumbing and industrial systems. Featuring a durable brass body with a polished chrome finish, it offers excellent corrosion resistance and longevity. The valve is designed for easy installation, making it a dependable choice for standard plumbing applications.

Technical Specifications

Available Connection Sizes	1/2" x 3/8", 1/2" x 1/2"
Maximum Pressure	10 bar
Minimum Temperature	-10 °C
Pipe Thread Standard	ISO-228-1:2000

Materials & Construction

Finish	
Polished • Chrome Plated	
Body Material	Brass
Handle Material	Zinc (Brass)
Core Material	Brass

Usage

Suitable Medium	Water
